Without turning make a final row of 1 sc in each st; fasten off.

HALF CIRCLES—Ch 2, 5 sc in first st. Ch 3, turn, 2 dc (double crochet) in last sc, (3 dc in next sc) 4 times. Sew together by 6 sts at each end, using 8-inch ends. Go through back loop only of each st. This leaves 47 sts free around the outside curve. Now sew the 35 sc on straight side of each half-circle to 35 sc on center. Start at the end of center where rows were ended and joined. Place this joining line at the center of one half-circle and sew around from there, going through loop of each sc.

PARTY BAG AND HEAD BAND SET

Lovely bandeau and matching bag in popular loop stitch. The bag measures about $5\frac{3}{4}$ inches by $6\frac{1}{2}$ inches. It is made of medium weight mercerized crochet cotton in white, ecru or colors as desired; use a crochet hook size 9. It can also be made of fine thread using 2 strands. It is trimmed with black and gold sequins. Approxi-

mately 450 yards of thread will be needed for this set; about 150 yards for head band and 300 yards for bag. To make sequin trim you will need about 150 black and 450 gold sequins.

KNITTED MITTEN AND TAM SET

CHILDREN'S KNITTED MITTENS

Make 'em plain—make 'em fancy. These mittens make amusing conversation starters either way. They are made of 2-ply sport yarn. You will need a pair each of size 2 and 3 knitting needles.

Abbreviations: St (stitch); k (knit); p (purl); inc (Increase); dec (decrease); tog (together).

Using size 3 needles, cast on 40 sts. Work in ribbing of k 2, p 2 for 2½ inches.

Change to size 5 needles. K 4 rows stockinette st.

Row 5: K 18, inc in next st by knitting into row below next st and then knitting the st itself, k 2, inc in the next st as before, k 18. Now you have 42 sts on needle.

Row 6: P this row and all alternate rows.

Row 7: K 18, inc in next st, k 4, inc in next st, k 18.

Row 8: P this row.

Continue increasing in this manner until there are 12 sts between incs.

Row 17: K 19, put next 14 sts on safety pin to be used later for thumb. Continue with same thread and k next 19 sts. Continue on these 38 sts until work measures 4 inches from ribbing, or about 1 inch from tip of finger.

Decrease Rows:

Row 1: K 4, k 2 tog; repeat to end of row.

Row 2: P this row.

Row 3: K 3, k 2 tog; repeat to end of row.

Row 4: P this row.

Row 5: K 2, k 2 tog; repeat to end of row.

Row 6: P this row.

Row 7: K 1, k 2 tog; repeat to end of row.

Row 8: P 2 tog; repeat to end of row.

Remove remaining sts from needle. Insert a crochet hook through all sts.

Pull length of yarn through sts with hook and fasten securely. Leave a length of yarn to sew up mitten.

Pick up thumb sts on needle. K in stockinette st for desired length of thumb. K 2 tog across row. Remove sts from needle and fasten off as above leaving a length of yarn to sew up thumb. Sew up seams. The above chart shows design that may be used as trim on back of each mitten. It can be worked with yarn of contrasting color or embroidery floss, using long stitches. We suggest that you work body blue with white face; make long black stitches for skis and white stitches for snow.

KNITTED TAM

It takes about one ounce of sport yarn to make this tam. We have used red but some other color may be preferred. You will need size 3 and size 5 knitting needles.

Abbreviations: K (knit); p (purl); inc (increase); st (stitch).

Cast on 8 sts using size 5 needles.
Row 1: Purl this row and all alternate rows.

Row 2: K 1, inc in next st by knitting into st below next st and then k the st itself, k 1, inc as above, (or you may increase by knitting a st in back loop of next st and another in the front loop of same st), continue across row ending with k 1.

Row 3: Purl this row.

Row 4: K 2, inc in next st, k 2, inc, across row ending with k 1. Inc may be marked with a stitch marker, a small safety pin, or a loop of colored thread if you find it difficult to recognize the place.

Row 5: Purl.

Row 6: k 3, inc, k 3, inc, continue across row ending with k 1.

Continue increasing in this manner until there are 18 sts between incs.

K in stockinette st for 2½ inches.

Change to size 3 needles and k in ribbing of k 2, p 2 for 1½ inches. Bind off loosely.

Sew up back seam and press lightly.

Aunt Ellen's CLUB NOTES

Dear Club Friends:

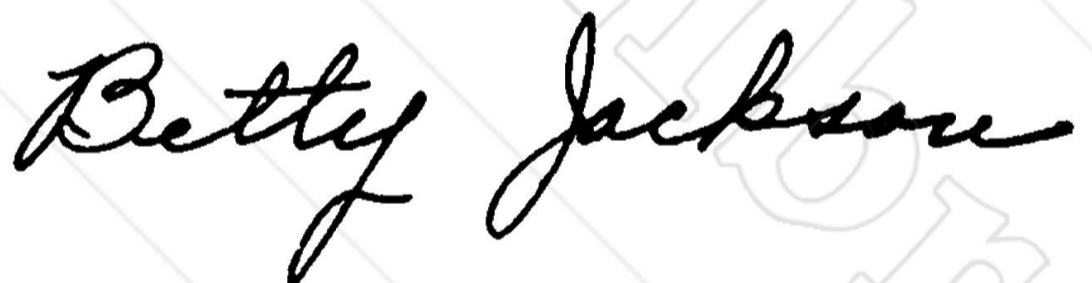

This month, no doubt, will find many Aunt Ellen Clubs preparing for Christmas Bazaars. Several sponsors have written telling of their plans. These bazaars are excellent money makers. Once started in in a club, they will become an annual event just before holidays. A lot of club members started months ago knitting, crocheting and embroidering items that appeared in various issues of THE WORKBASKET.

At the request of several readers I am giving you a story on quilts. Quilting is always in demand. Friendships are being made over quilting frames today just as they were in pioneer times when quilting was almost the only social diversion.

Surely there are several women in your club who possess treasured and beautiful old quilts that have belonged to a past generation. Perhaps these quilts are so unusual that they would like to bring them to a meeting for display and tell of their ancestry. There may be so much interest shown that members of the club will be starting to piece gay quilts.

Each month you will find ideas for programs appearing in Aunt Ellen Club notes. Don't forget to write any suggestions you have.

Sincerely yours,

Betty Jackson,
Sec. to Aunt Ellen

PROGRAM SUGGESTION

Story of Quilts From Early Times

—The modern quilt maker still devotes time to piecing bits of prints into replicas of the bed quilts of a past generation. And not from sheer necessity, as was the case of the pioneer women who originated the now famous quilts, but from the joy of reproducing with her own hands a work of art for her modern home.

With these quilts she relives the

romantic story of the covered wagon days—the story of the resourceful and courageous women who helped in settling this country. Every quilt in the old days had a name and each told its story. The evolution of quilt making is most fascinating.

The first quilt ever made was the “crazy” quilt. Later came the one-patch quilts, made entirely of squares, oblongs or hexagons. One of the earliest of these is the “Flower Garden,” one of to-day’s favorites. Then

followed the two-patch quilt, and as ideas progressed, the nine-patch came into being, attaining the highest art in quilt making. The diamond quilt requires accurate piecing in order to have a finished quilt that will lie perfectly flat and even. Such a quilt in the old days was always kept for "best" and set aside for the guest or for the bride's hope chest.

Patch quilts were made for about 100 years before the applique quilt was produced. These quilts of Victorian era were generally very elaborate. The Rose of Sharon was among the first applique quilts and it is one of the modern reproductions.

Good frames are essential to good quilting. A practical homemade frame consists of two "horses" about 40 inches wide with two square notches near each end, two wooden rolls or bars about 2x2 inches (to fit the notches) and 96 inches long. Tack a narrow strip of bed ticking to each bar, so that each side of the quilt can be firmly pinned or sewed to the strip on each bar. The ends of the quilt should be tied to the "horses" with strips of muslin pinned to the lining. The bars fit into the notches and the quilt can be rolled and the bars moved as a section of the quilt is completed.

Select your quilting design to suit top of quilt. Probably the most simplest for modern quilt makers to use are the perforated quilting patterns. A perforated pattern can be easily made at home by tracing your pattern on wrapping paper, then running a row of machine stitching along the lines of the design leaving the machine needle unthreaded. The design is worked on the quilt by laying a perforated pattern on the material rough side up and rubbing stamping powder through the holes made from the machine needle.

Putting the quilt into the frame is very important. The back or (lining), which should be cut a few inches larger to allow for attaching to the frame, is put on the frame first. Attach each side to the strip on each pole. Roll one side over pole and fasten in frame so that material is taut with no uneven strain on any

part. Next spread the cotton evenly over the back. Pin in place and fold back the excess material on the rolled up pole. Use good quality filling in quilt size, but if necessary to piece, overlap slightly where the edges come together. The average quilt takes from 1½ to 2 pounds of cotton batting. Now lay the top over this carefully, stretch and pin it in place and baste firmly, fold back the excess top part on top of folded cotton filling.

When you have finished about 12 inches of the quilting, roll this section up, unraveling the folded side up, and quilt the next section. Continue quilting and rolling until the entire quilt is finished. Remove the quilt from the frame and finish the edges. Quilt edges are often bound in a color to match the patchwork.

We suggest the following game: **WHISTLING RACE**—Nine or ten ladies may be asked to "run" this race. Facing the other guests the first one starts to whistle any tune she knows. As soon as some one in the audience recognizes the tune and calls out the correct name of it, she may stop. A record is kept of the length of time she had to whistle before the tune was recognized. Then the second one whistles until her tune is recognized, and so it goes down the entire line of contestants, in each case a record being kept of the time it took for the audience to recognize the tune being whistled. The three whose tunes were recognized in the least time are then asked to stand before the audience, the other contestants being excused. These three artists are asked to whistle their tunes through from start to finish, the only difficulty being that they are to do it at the same time. At the conclusion each one is given a fan. She will need it.

COASTER DOILY

Here is a tatted doily that the beginner can easily make as it is worked using only a shuttle. Size 50 mercerized crochet cotton in white, pastels, or variegated colors works up nicely.

Abbreviations: R (ring); ds (doubles); p (picot); cl r (close ring); rnd (round).

Rnd 1: Fill shuttle and make a r of 3 ds, p, 3 ds, cl r. Leave about 1/4 inch space on thread, and make another r same as first. Continue in this manner until you have about 120 rs for a doily that will measure about 4 inches square; tie and cut. Cut and hem a square of linen or other suitable material to measure about 2 inches finished. Sew ps of every other r of tatting just made to square, spacing evenly about 1/8 inch apart, with the same number of rs on each side of square and a r at each corner.

Rnd 2: * Make a r of 3 ds, join to free p of first rnd, 3 ds, cl r; leave space on thread of 1/4 inch, r of 3 ds, p, 3 ds, cl r, space on thread. Continue from * around, joining every

other r to free r in last rnd, and joining 2 r at each two corner rings twice. Continue around, tie and cut.

Rnd 3: R of 3 ds, join to p of next free r in rnd 2, 3 ds, cl r. Leave space of 1/4 inch on thread, r of 3 ds, p, 6 ds, p, 3 ds, cl r, space on thread. * Small r of 3 ds, join to p of next free r below, 3 ds, cl r, space on thread, large r of 3 ds, join to p of adjacent r, 6 ds, p, 3 ds, cl r. Repeat from * around. At each corner, join 2 small rs to next free r below 3 times, connecting 1 r as before by adjacent p. Tie and cut. Pin out evenly and press through a damp cloth.
